

Prenatal Patient Education Materials

Report Form

Notes/Key Points:

- Sheila gave background on Washington Co BF Coalition and development of Tool Kit. The Tool Kit is in draft form, and provides perinatal resources for OB, Family Practice, and Peds clinics. The talk focused on the prenatal breastfeeding handouts and teaching curriculum topics.
- Fergus Falls-Hospital and Clinic are integrated
 - Question rose about who is doing BF education in clinics?
- Recommended by LLL Area Coordinator of Leaders, Vickie Albright:
 - Another good DVD-“Baby Oh Baby,”
 - Diana West “Making More Milk” Keynote Speaker
 - 4/12/13 LLL sponsored conference for health professionals
 - Fee \$60-100, cont. ed. Available
- In WIC (Pine County Public Health)
 - Moms interested in BF fill out postcard and can have one on one appts scheduled. Also call them close to due date to see if they have questions.
- Sarah Pierce-Drop in session (free) for BF moms-baby weigh in
 - AMMA Parenting Center
- The Washington Co Breastfeeding Toolkit will be available (eventually) on line in an electronic version on the Living Healthy Website. Some handouts are already on the website. Others will be complete and uploaded possibly by the end of April.
