Our mission is to support, educate, and empower members of the community for breastfeeding success.

We envision a community where breastfeeding is the norm.
Home

Our mission is: To support, educate, and empower members of the community for breastfeeding success.

We envision a community where breastfeeding is the norm

- In honor of World Breastfeeding Week 2015 we are announcing the second annual Breastfeeding Friendly Business Challenge, (see flier and application below).

- Northland Breastfeeding Coalition meeting information (look at 'For Health Professionals')

- Breastfeeding Friendly Children's Book List (look at 'For Mothers and Families')
Second Annual Breastfeeding Friendly Business Challenge!

We are looking for you to help our community members find and be aware of Breastfeeding Friendly Businesses.

Nominate a local business to be designated as a Breastfeeding Friendly Business.

Please think about your experiences at worksites, restaurants, and retail establishments with these three descriptions in mind:

- Flexible work schedules including breaks and work patterns to provide time for expressing milk
- Access to a private location(s) that is not a bathroom, for expression of milk
- Access to a nearby clean and safe water source and a sink for washing/rinsing of breast pump equipment

Email nominations by May 15th to Sarah Stock, Northland Breastfeeding Coalition, at sastock@northwest-csa.org.

Awards will be presented during World Breastfeeding Week, August 1-7, 2015

“We envision a community where breastfeeding is the norm”.
