 Strategies to Increase Exclusive Breastmilk Feeding in Hospitals

Prenatal Toolkit

- Is an excellent tool to use in a clinic or hospital setting to open discussion about breastfeeding
- Is a printable flip chart so you can make as many copies as needed
- Can be adapted to your institution but please give credit to the authors.
- Is available in English and Spanish
- Watch for an updated version to be posted on the MBC website by October 2016

4th Perinatal Hospital Leadership Summit
 Strategies to Increase Exclusive Breastmilk Feeding in Hospitals

Pediatric Toolkit

- Can be used in a pediatric clinic setting for teaching new parents
- Has the same content as the Prenatal Toolkit minus the page on Labor and Birth
- Is available in English and Spanish
- Watch for an updated version to be posted on the MBC website by October 2016

4th Perinatal Hospital Leadership Summit
 Strategies to Increase Exclusive Breastmilk Feeding in Hospitals

Hospitals Toolkit

- A list of resources for birthing hospitals interested in improving patient outcomes through enhanced lactation support
- Examples of policies and procedure that can be adapted for your hospital or birthing center
- Baby Friendly Education Resources for staff nurses and physicians
- Lots of good links...check it out!
