Physician Workshop

Breastfeeding Management in Primary Care

Thursday, May 25, 2017

Holiday Inn, Duluth

7:00 a.m. - 8:30 a.m.

This continuing education opportunity for physicians will include a case-based presentation and physician panel discussion about breastfeeding management in the primary care setting.

Speakers:

Pamela Heggie, MD, IBCLC, FAAP, FABM - Pediatrician and Breastfeeding Medicine Specialist, Central Pediatrics, St. Paul

Addie Licari, MD, Family Medicine, St. Luke's Mount Royal Medical Clinic, Duluth

Lorraine Turner, MD, Family Medicine, Center for American Indian Resources, Fond du Lac Human Services Division, Duluth

CME application pending

OBJECTIVES:

1. Discuss the assessment and management of sore nipples and breast pain
2. Outline the approach to a breastfeeding baby with slow weight gain or weight loss
3. Define ways to increase milk supply in breastfeeding women
4. Discuss infant ankyloglossia and indications for frenotomy
5. Describe how to determine the safety of maternal medications during breastfeeding

Cost \$25/person (breakfast included)
