Post-Designation Activities

Post-Designation

- Designation is for 5 years
- Re-designation is conferred through an on-site assessment effective with the class of 2017

©2013 Baby-Friendly USA, Inc.
©2018 Baby-Friendly USA

Post-Designation

- Achieving Baby-Friendly designation is an important part of the journey...but it is not the end point.
- On-going data collection, monitoring of practices and quality improvement activities are vital to ensuring that the Baby-Friendly standards are maintained.
- Facilities are responsible for on-going adherence to the most current Guidelines and Evaluation Criteria.

POST DESIGNATION ADVICE

- Stay vigilant and prevent practice slippage.
- Keep auditing all the steps all year long. Routine audits serve as an early warning system.
- It is easier to maintain a practice than to fix one that has slid.
- Maintain your multi-disciplinary team to help communicate policy, training and on-going adherence to the most current Guidelines and Evaluation Criteria.

Post Designation

- Designation is for 5 years.
- The first three years post-designation are Annual Quality Improvement Phase, referred to as AQI.
- The 4th and 5th years post-designation are Re-Designation Phase.
 - The 4th year is referred to as Re-Designation - Year 1
 - The 5th year is referred to as Re-Designation - Year 2

Post Designation – Annual QI

- Designated facilities are expected to audit practices, report results to BFUSA and conduct QI projects on assigned steps each year.
- Steps are assigned by BFUSA.
- Must use BFUSA supplied tools.
- There is an annual fee to BFUSA.

Post Designation – Annual QI

- Information about the Annual QI for each year is emailed to each facility's BFUSA Primary Contact person.
- Specific annual instructions are posted in the www.babyfriendlyusa.org portal.

Post Designation – Annual QI – may change

- 2019 Activities – The Code, Steps 4 & 7
- 2020 Activities – Steps 3, 5, 8, 9 & 10
- 2021 Activities – Steps 1, 2 & 6
- 2022 Activities – The Code, Steps 4 & 7
- 2023 Activities – Steps 3, 5, 8, 9 & 10

Re-designation

- Re-designation is conferred through an on-site assessment effective with the “2017 Re-designation class”.
- Re-designation classes are defined by the year the designation expires.
 - For example: facility designated from 2012-2018 is in the 2018 Re-designation class.
- During the 3 years of AQI, the facility will have audited all 10 Steps and should be well prepared for the on-site Re-Assessment.

©2018 Baby-Friendly USA

Re-designation

- In the 4th year post-designation (referred to as Re-designation Year 1) facility has an RAI call with BFUSA.
- During the RAI BFUSA reviews:
 - Most current Infant Feeding Policy
 - Fair Market Price and Code Compliance
 - Audit results and adherence to practices
 - Facility specific concerns/issues

©2018 Baby-Friendly USA

Re-designation

- In the 5th year post-designation (referred to as Re-designation Year 2) facility has the on-site assessment.
- The on-site assessment is the same as the initial assessment.
- Facilities are assessed on the currently active version of the Guidelines and Evaluation Criteria.

Question

- How should audits be conducted?

©2013 Baby-Friendly USA, Inc.
©2018 Baby-Friendly USA

Answer

- The purpose of conducting audits on Baby-Friendly practices in your facility is to highlight areas of excellent care, as well as identify opportunities for quality improvement.
- There are two key factors to keep in mind as you are planning your audits.
 - 1. Selecting auditors
 - 2. Sample to be audited

©2013 Baby-Friendly USA, Inc.
©2018 Baby-Friendly USA

Auditor Skill Requirements

- Good command of the subject matter to evaluate accuracy/completeness of responses
- Objective
- Good interviewing skills
- Good critical thinking skills
- Capable of probing without leading to the answer

©2013 Baby-Friendly USA, Inc.
©2018 Baby-Friendly USA

Sample To Be Audited

- Representative of the entire population
- Sufficient in size and diversity to effectively evaluate if the desired outcome is being achieved
